

**HERMetic UTImeter
Gtex - Rtex - Otex - Gtex 2000**

Intrinsically safe equipment

Honeywell

Portable electronic gauges for:

- Cargo inspection
- Inventory control
- Oil / water interface detection
- Verification of automatic gauges
- Back-up system

Benefits:

- No calibration required
- Temp. accuracy: 0.2°F
- Continuous temp. reading
- 3 years guarantee
- Weight with 50 ft tape:
Gtex - 9.7 lbs.
Otex - 7.7 lbs.
Rtex - 8.1 lbs.

Gas Monitoring Instruments

BW GasAlertMicroClip 4-gas
Model # MC-XWHM-Y-NA-00
Provides reliable protection with simple one-button operation.
O₂/LEL/H₂S/CO.

Lumidor Impact Pro Multi-gas
Model # 2302B00009UE
Monitors & displays up to four gases simultaneously (pre-calibrated O₂, CH₄, CO, H₂S cartridges).

BW GasAlertClip Extreme Single Gas
Model #s GA24XT-H (H₂S), GA24XT-X (O₂), GA24XT-M (CO)
Water-resistant, zero-maintenance detector for two years of continuous monitoring.

Lumidor Minimax XT
Model #s Minimax-STH2S (H₂S), Minimax-STCO (CO), Minimax-STO2 (O₂)
Single-gas detector with 2-year, always-on operation. Durable IP67 casing. Real Time display option.
